How can anyone knowingly be apart of an organization that enables sexual violence against women and children, covers it up, threatens and silences the victims, forces women to have abortions against their will, teaches homosexuality is perverted and an aberration and their chronic emotion is covert hostility, works children and adults in the sea org as slaves making grossly \$30 a week, forcing family and friends to disconnect from people the church deems "Suppressive" and not to mention wittle church leader David Miscavige completely "squirreled the tech" and built a prison he dubbed "the hole" where he puts members for any reason or no reason at all while he beats and tortures them. Ohhhh but if you're a "celebrity" you can be a serial rapist or a drunk or beat women or lie cheat and steal. Just don't be one of their victims. No, you can be one of their victims, you just take your punishment and never ever tell a soul. regram [@scifiology](#)

My neighbors cured strange cars parked in the neighborhood by (me or my good neighbors) first taking a picture of the rear license plate then **very obviously** taking a picture of the front license plate.

The rats always scurry when light is shone on them. They will almost never return in the same car to keep playing their game of wanting you to know you are being watched - they don't want to get identified in the process !

I had never heard of her until this post. I guess she once dated Danny Masterson?

One of the pages said she left Scn in 2016.

I bet she has stories to tell.

But seriously, please do NOT allow the joke to detract from how serious the loathesomely disgusting this invasion of privacy is.

What type of religion or church does this? Scientology.

It is absolutely DISGUSTING they go to these lengths and its even more reprehensible when their target has a child! I applaud her courageousness to stand firm and stand UP to them. People like her make it that much easier for the rest of us.

My first post ever here.

I want to point out that the latest video of the latest At The Drive In album song (which is great and a nice comeback for the long extinct band) contains direct references to scientology's fascist and totalitarian methods of social control of their herd. This is relevant 'cause the singer Cedrix Bixler-Zavala, husband of ex-scientologist Chrissie Bixler-Zavala, has never been outspoken

about his relationship to the cult. I personally consider Deloused in the Comatorium somewhat of an anti-psychiatry album, but it is a complex artwork so dense that it may be about anything. For me it has a theme of being doped up and under oppression and then thru your personal transcendence you can come out of the psych ward. I suspect that Deloused happened at the same time that he started his relationship with Chrissie. I would like to think that the guy is more of a free-thinker and dabbler in anything remotely interesting to him as bizarre as it may be. In that sense, marrying a scientologist and 'going to the 'sauna' for a cleanup plus vitamins' may have been what took him out of his drug habits, but he never quite fully engaged with the church because he feared the control, but maybe respected his wife.

This is all assumption, of course. I like the guy, I wish he would be more outspoken about this surveillance bullshit, get some cameras and video terrorize the Pls, counter PI the PI and connect it to the church and then use his public image to fight back.

Please observe at 1:22 a 'Knowledge Report' for 'overt transgressions'

I liked the image, I do understand how 'mechanical' is the mind control over children, but I don't think OSA will change their ways thru modern art.

else that's impersonating her and her husband so many scenerios. Otherwise by the time I get to Fed Court, she and her accomplices will be going to federal prison and they won't last very long, my guess 2 weeks, the inmates will kill them all cause they're all on psych drugs too

 **Kathy Gold** @mskathygold · 6h 
to all law enforcement on the line, you have probable cause to go to Fed Court and get warrants/subpoenas etc etc to open Jack's box fedcourt.info/hate-crimes-co.... use it to help other victims of this Chrissie Carnell Bixler and accomplices if it's really her doing it and not somebody

 **Kathy Gold** @mskathygold · 21h 
trace down all the assets for confiscation? even her attorneys if she has any? their law firm/firms, homes, offshore bank accounts etc etc the whole shebang. youtu.be/8DgAfs4Futl

 **Kathy Gold** @mskathygold · 21h 
this is boring ok, a snoozefest, I have evidence of their harrassment, stalking, more false reports, by the time i'm done, it will be like 1k or more felonies, now what? wow, my damages go up and she and her accomplices go federal prison for hate crimes. btw FBI did you

I got Mr. Justice's aka Eric Holder's computations about Motely Crue and Nikki's other band etc etc. The actors and actresses hide it in movie production budgets, Dennis Quad laid it all out [foxnews.com/entertainment/...](http://foxnews.com/entertainment/)

Kathy Gold @mskathygold · Sep 19
and if that doesn't pan out, the next will be blackmail of celebrities, again, take advantage of them while they are vulnerable in their homes ie drunk/high/both etc etc and the 3rd, her worst case scenerio is go on the road with her husband and deal drugs like other rockstars,

Kathy Gold @mskathygold · Sep 19
just wanted to sincerely help her. And she'll get away with it cause everybody embraced Nazi Psychiatry, like I said, I already went A-Z. The final outcome. youtu.be/Vyf69qOJdu4

going to their parties & pumping the hostesses & hosts for their security info, you know cause the scilons are running ops on her & they'll be hit. They'll all be vulnerable cause they'll be drunk or high or both etc etc and they trusted her and

Kathy Gold @mskathygold · Sep 19
yep, after Chrissie Carnell Bixler takes her meds, the local cops and psychs that stalk her social media will go, see, our meds work, she's a success story, all she'll do is tone it down LMAO and go off with her life crime hitting her celeb comm lines, it will be easy, she'll be

Homeland Security had no funding. Use this incident for your funding in Congress and I think Jack just testified before Senate. youtu.be/PEnuElf-meM youtu.be/nKzkHdbu1ow

**Kathy Gold** @mskathygold · Sep 18

Homeland Security, you can get that on the back end and don't forget their IPs, both comp and phone. You know I got the last Homeland Security Chief's computations, he was hoping I'd get him funding thru congress, their funding was cut off, so for a long time

**Kathy Gold** @mskathygold · Sep 18

Now Chrissie Carnell Bixler and her accomplices are stalking me online, I wonder how many counts it will be? Each count on a misdemeanor is \$1k but since these are hate crimes, hate crimes are felonies. Still documenting their abuse internally and externally.

I am about to lose my shit. This woman is a Scientologist. Came at me with some crazy shit yesterday then @markyhutt sends me this?! NEVER SPEAK OF MY CHILDREN!! I'm about to sue TF out of this asshole. @cedricbixler_ #Scientology

house, plant drugs and drop dimes and off their children go to foster care where they will be drugged on psych drugs and sexually abused. That's if they don't smoke pot recreationally? If they do and her husband looks like he does, the private dix will drop dimes with child services and prove it in court legally along with pictures of him doing the drugs and if she does too, then her too, photos and videos of both of these people doing drugs and a history of doing drugs long term, not one video or one photo.

That's not illegal, you're suppose to report parents who are doing drugs to child services, they are putting their children at risk and there

Replying to @ChrissieBixler @markyhutt @cedricbixler_ @adventuresofkg is a long time fruticate... Just leave her alone!

chrissie carnell-bixler @ChrissieBixler · Sep 4
Sorry... you're telling me to leave her alone? I don't know her, and she's accusing us of sexually abusing our children? Accusing us of doing drugs??? Threatening to plant drugs in our home to take our kids away? Fuck you. Nah, not leaving this one alone.

Dice @DiceMore · Sep 4
btw... She is the legal wife of Marty Rathburn 🤪

Ha ha... Scientology is always worse than you think. 😂 So funny when new people find out.

chrissie carnell-bixler @ChrissieBixler · Sep 4
Way worse... and what do you mean she's the legal wife of Rathbun? I just can't with all this crazy.

Dice @DiceMore · Sep 4
She has been claiming that Marty was replaced by some look-alike and the Marty we see now, is fake. Now, she also claim that she was married to the original Marty. This person has a long history in US court and is a fruticate.

chrissie carnell-bixler @ChrissieBixler · Sep 4
Same. I know this cult has reported tons of parents to CPS just to f*ck with them. I guess this is how they do it! And why does my husband look like he does drugs? Because he's Mexican? We don't do drugs... But to accuse us of sexually abusing our babies?! Help me Jesus. 🙏

Shaun Doherty @Shauner111 · Sep 4
Because he has an afro? Like, what? I don't even have kids & my stomach's turning reading that. I can't imagine what a two must be thinking. I really hope your detective/s do something about this. I'm glad that post is out there for ppl to see too

Replying to @ChrissieBixler @markyhutt @cedricbixler_ Aside from Ortega not giving you a head's up about pulling the article. Alanzo threw gasoline on the crazy fire by broadcasting the assumption that it was pulled because you lied and Ortega jumped to conclusions. So Alanzo is equally to blame for this batch!

chrissie carnell-bixler @ChrissieBixler · Sep 4
Yeah, one would think people would have a heart & consider everything we've been through& all the personal sacrifices I've made to just do the right thing. You'd think they'd be more compassionate & protective of a mom just trying to survive and keep her babies safe @TonyOrtega94

Replying to @ChrissieBixler @markyhutt @cedricbixler_ I think for one, SCH needs to realize in quite a few places weed is legal anyway. But to be so obviously scheming. Disgusting humans, not at all a higher evolution. A bunch of malicious delusional zombies

chrissie carnell-bixler @ChrissieBixler · Sep 4
Yeah, go ahead a plant some weed in our home in California where weed is legal. 🌱 But breaking into someone's home is illegal and might get you shot.
